

Name the 3D Object

Number of faces 1

Number of vertices 0

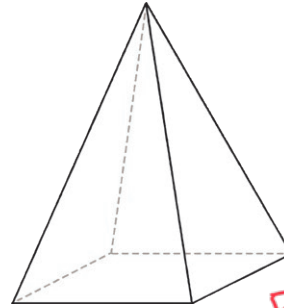

Name Sphere

Number of faces 3

Number of vertices 0

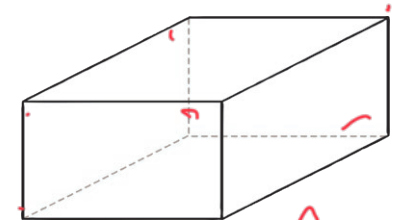

Name _____

Number of faces 5

Number of vertices 5

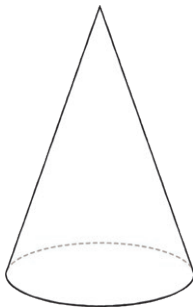

Name _____

Number of faces 6

Number of vertices 8

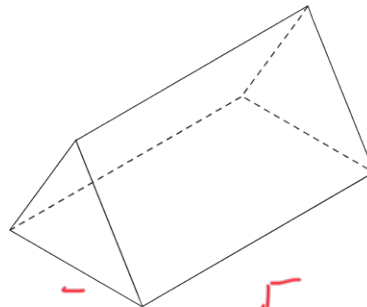

Name _____

Number of faces 2

Number of vertices 1

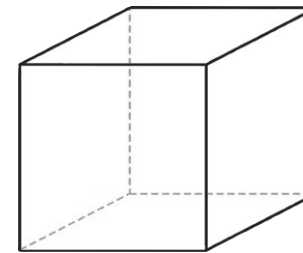

Name _____

Number of faces 5

Number of vertices 6

Name _____

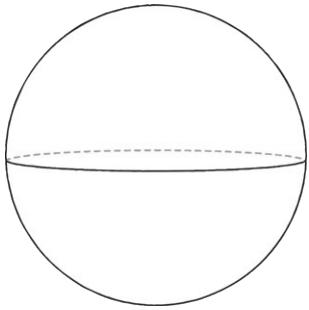

Number of faces 6

Number of vertices 8

Name _____

Name the 3D Object

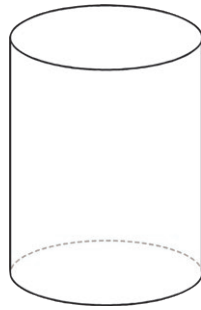

Answer

Number of faces: 1

Number of vertices: 0

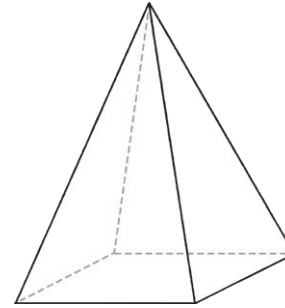

Name: sphere

Number of faces: 3

Number of vertices: 0

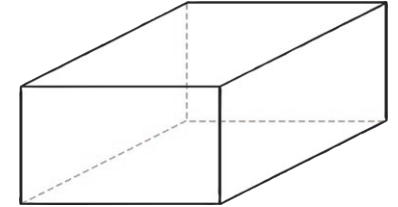

Name: cylinder

Number of faces: 5

Number of vertices: 5

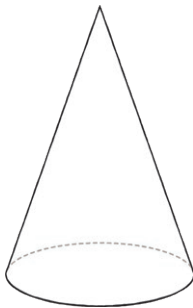

Name: square-based pyramid

Number of faces: 6

Number of vertices: 8

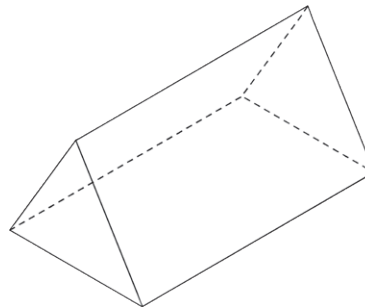

Name: rectangular prism

Number of faces: 2

Number of vertices: 1

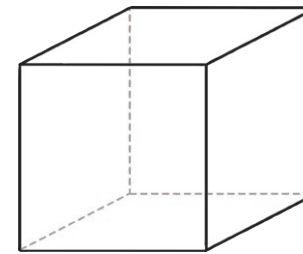

Name: cone

Number of faces: 5

Number of vertices: 6

Name: triangular prism

Number of faces: 6

Number of vertices: 8

Name: cube
